

Inspired and informed by a deep understanding of human experience, Tarkett Hospitality helps you create beautiful spaces that positively impact people's lives.

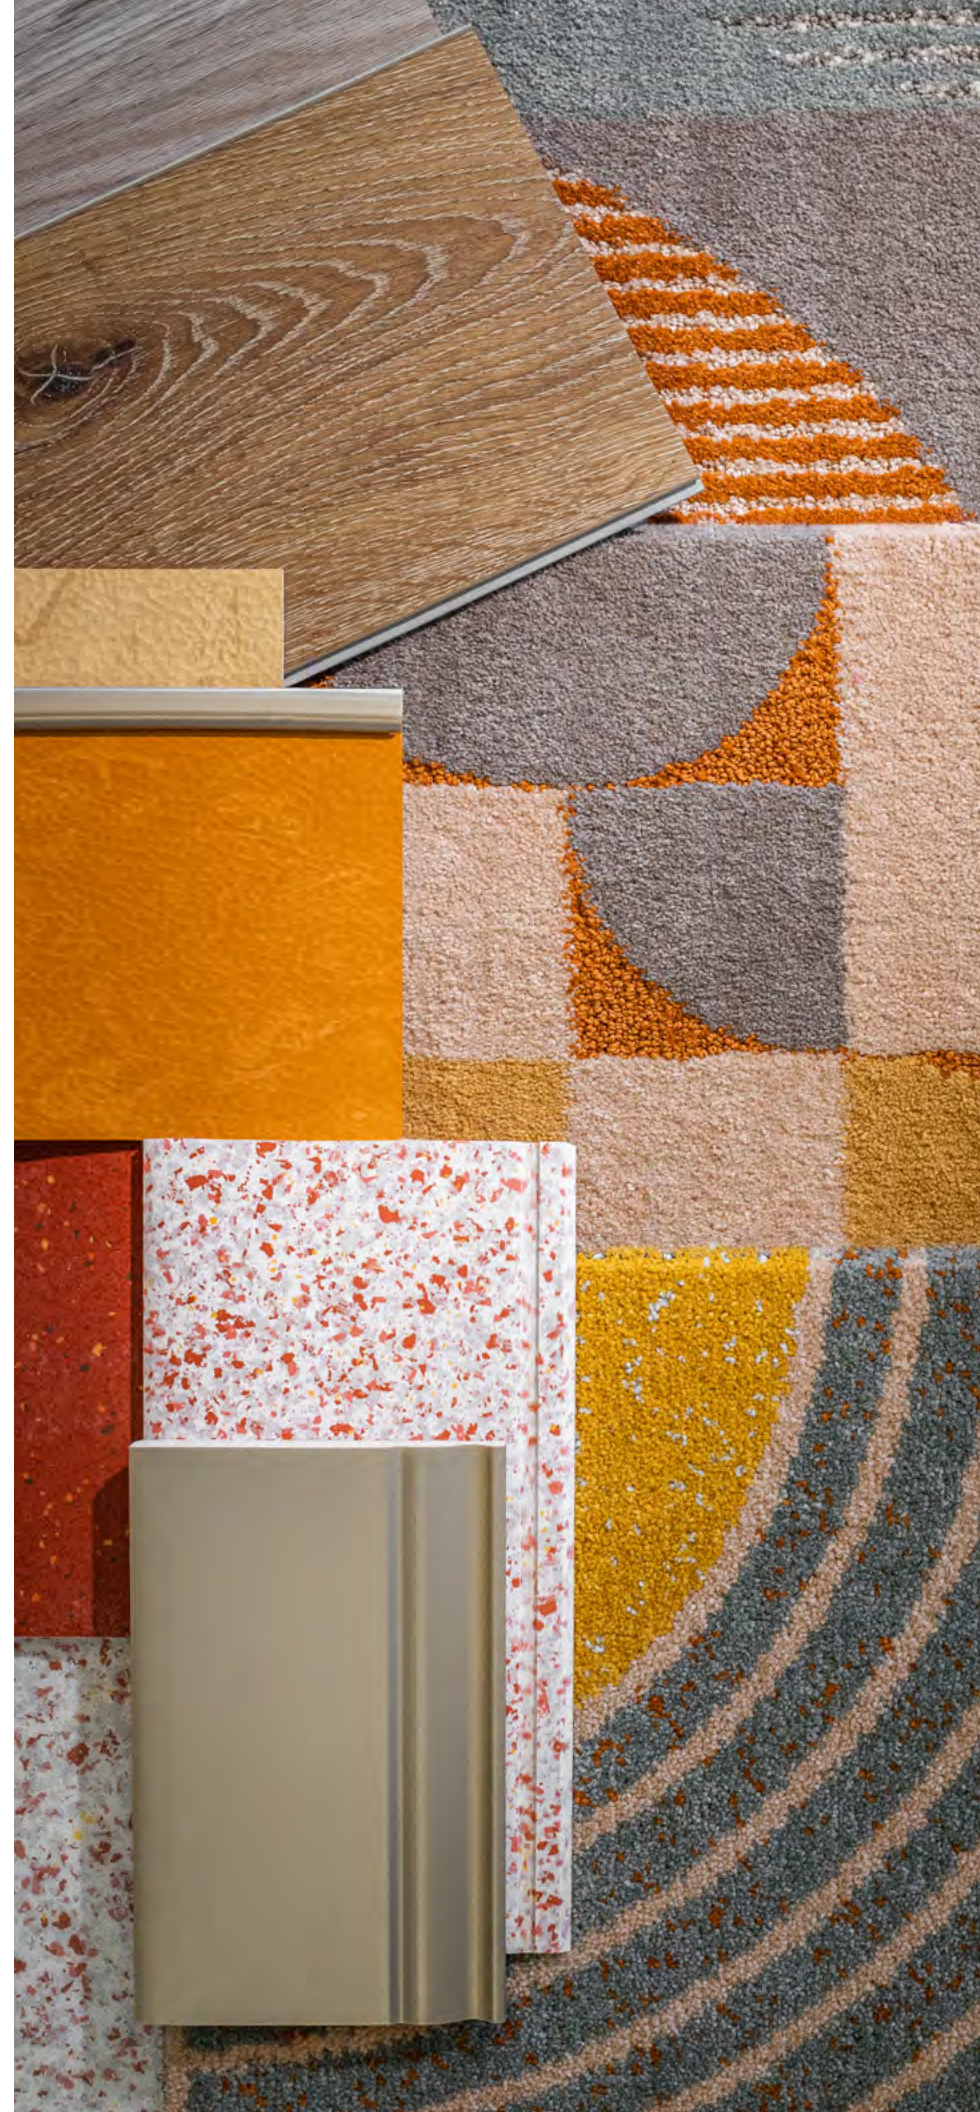

From stunning designs that immerse guests in local culture and style, to sustainable hard surface and soft surface products that support the wellbeing of guests and staff—our innovative flooring solutions make it simple for hospitality environments to achieve their goal: delivering a memorable experience that will have guests returning year after year.

Our accomplished in-house design team is dedicated solely to hospitality. We provide you with fresh and innovative running line designs in broadloom, carpet tile and LVT, giving you the variety you need for your projects. With our industry-leading array of products and capabilities, you can find the right flooring solutions for each space.

Custom Design

We also make it refreshingly simple to create custom carpet. At every step, we'll guide you to the best solution for your specific project, from pattern scale and palette, to budget and performance.

Continue your journey on our website, where you can see our custom collections. Use the online Custom Design Studio to recolor any pattern and visualize it in a variety of rooms. Whether you need palette assistance or a completely unique design, our team is ready to help you make your custom carpet a reality.

Public Space

Just as a book's cover exists to be judged, public spaces exist to represent what you stand for. We know the importance design plays in perception, and we know the impact that perception plays in your overall success. Allow us to transform your inspiration into a reality.

Classic Collection

Building on the timeless tradition of 19th century European design, Classic and Vintage grace public spaces and guest rooms with welcoming luxury. Every layered detail is exquisitely crafted—from grand scrolls and free-flowing lines to weathered texture and geometric tiling—and brought to life in a regal palette of soft, muted tones.

Terra Collection

The earth holds a record of the passing of time. Billions of years of memories, permanently etched into its surface. Terra and Tellus celebrate the profound brilliance of our natural surroundings—the unfailing strength, free-flowing color and weathered texture of each rock formation. And the beauty that lives in their enduring presence.

CONSTRUCTION

ethos® Modular with Omnicoat Technology®

Made from recycled non-chlorinated polymers commonly used in windshields and other types of safety glass. Secondary backing contains 99% recycled content with a 28-38% post-consumer, 19-26% preconsumer, and overall product contains 48-64% total recycled content, Lifetime Limited Warranty.

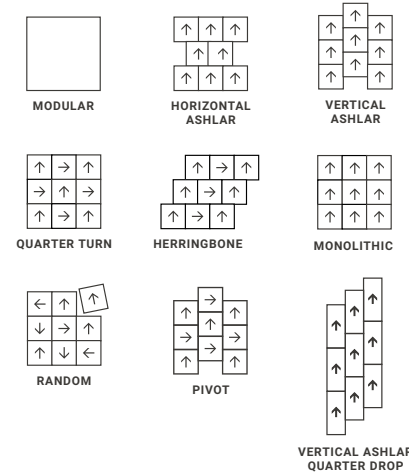

Omnicoat Technology is a proprietary coating to the backing of ethos Modular. It provides an excellent chemical barrier, thus preventing any interaction between materials in the backing and the wide variety of components found on and within the flooring substrate.

Flex-Aire® Cushion Modular (RS or Non RS*)

Affordable closed-cell cushion for enhanced comfort and acoustic properties. Secondary backing contains 17-22% preconsumer recycled content. Overall product contains 22-28% recycled content with a minimum 5-6% post consumer, Lifetime Limited Warranty.

INSTALLATION OPTIONS

Our modular products can be installed in numerous patterns, providing endless design possibilities from a wide range of styles. Familiarity with installation methods is essential, and so we ensure that detailed, easy-to-follow installation instructions are available for every method and every product.

Available Size / Installation Method:

24"x24": Quarter Turn, Vertical Ashlar
9"x36" & 18"x36": Herringbone, Vertical Ashlar

Sample Size: 12"x12"

Yarn Type: TDX®

Dye Method: Solution Dyed Nylon

Pattern Match: Not Applicable

Construction Options: ethos® Modular with Omnicoat Technology®, Flex-Aire® Cushion

Surface Texture: Stratatec® Patterned Loop

*RS is a peel & stick installation method. It is the lowest VOC adhesive system in the industry.

Adaptt™

Adaptt LVT with SureSet™ technology is designed to drastically reduce the time and expense of your next floor installation. A unique sculpted wave backing system allows air and moisture in the subfloor to breathe, so Adaptt can be installed directly over the subfloor without an underlayment. The SureSet backing also directs sound through its channels, providing more comfortable acoustics for everyone in the space.

ProGen™

ProGen is a radical leap forward in flooring technology designed to out perform the extreme demands of today's hospitality environments. ProGen beautifully resists heavy rolling luggage, high heels and heavy furniture, plus a variety of unavoidable mishaps like splashes and spills. It can be installed virtually anywhere, without being affected by heavy sunlight or extreme temperature changes, so it resists buckling, denting and warping.
